OLDEST PHOTO

This is us at Himalayan. I think this is the first picture we took together in public together, I might be wrong. Before this we only had selfies of each other not with each other 😞 (You Paid btw)

WHEN I WAS LEAVING

This is when i was leaving , we both tried to hide that we were not sad.

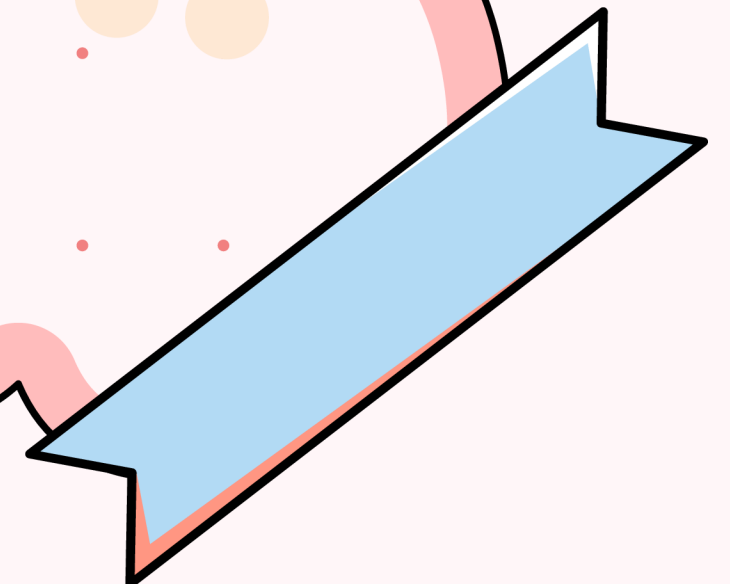

But meh, life moves on nothing we can do. Have to make money to book good hotels, so that we can fuck in

peace 🤔. And also all your tops

dont buy themselves 😞

I think this was the first time you met alvi after the first day, also this was the first time you met helen also. i think. It was a big deal for me tbh 🤔

CONCLUSION

Through this PPT , you might have realised how creative, loving , caring , smart and handsome I'm. But you are too (less than me though). You make me wanna do this shit for you I would never otherwise. Thank you for making me feel loved and cared for all the time. I'm gratefull for all that you do for me (tit pics) and would like to have all this corny shit for life coz we are pookies like that.

WILL YOU BE MY
VALENTINE Jess ?
